WHAT IS THE ARC OF INFINITY?

The Arc of Infinity is a special plane of existence of the Power Directors. The Power Directors do not live on planets or in space; they live and work within the Arc of Infinity. The Arc of Infinity is a specialized place for the Power Directors to reside while being close to the existential Deities who do all the work to bring Paradise out of the laconic state of perfection and make it the workhorse of universe materialization.

It is the home of the Savior of God, the Power Directors. The term "Savior of God" refers to their role as guards and duty-bound entities to stop anyone from entering through the seven entry points or portals to the Isle of Paradise. One must have credentials and show them to the Power Director entities created just to stand as guards to take information and pass up to the individual Power Directors themselves for an okay or a "no". Anyone who receives a "no" has to explain why they are asking for transit onto the Isle of Paradise, and if they cannot tell a good reason for such, then they are apprehended and sent to the restraining place (holding place or prison), until the Deities themselves can ascertain who they are and why they attempted to transit into Paradise.

Only its lowest parts adjacent to Peripheral Paradise have the guards and the police who wait for credentials to be sent up from below (i.e. from Peripheral Paradise which is timeless and spaceless), to ascertain the credentials and orders of the person who says they need to enter Paradise. Around Peripheral Paradise, as if a girdle, is a grey and opaque band, behind which are the Paradise Portals, seven of them spaced around the Peripheral parts of Paradise and opposite the superuniverse they are portals to.

THE 7 PORTALS TO THE ISLE OF PARADISE

For persons lower in estate than Creator Sons or other Paradise Sons, those portals remain locked until the Power Director himself looks at the request and he approves it by speaking to the Creator Son from the local universe such an entity may say he is from, and then regards the request for entry from the "paper" they carry signed by the Ancients of Days. If everything is in order, the Portal of Sacred Numbers is entered.

THE PORTAL OF SACRED NUMBERS

The Portal of Sacred Numbers is an antechamber everyone has to enter for cleansing (a clean room preparation), and when cleaned, the entity enters the Portal Room.

THE PORTAL ROOM

The Portal Room is a small chamber made up of gasses and other debris cleaned from the entity in the Portal of Sacred Numbers, and if they match the frequencies and choices of God for that Superuniverse, they are taken to a doorway that is marked "PORTAL 7" (the portal number varies according to superuniverse of origin and language), and then enter Peripheral Paradise. To do that requires having a Primary Supernaphim at your side, because only they know the codes to walk through several doors more to actually be on the Isle of Paradise.

DETAIL [A]
(not to scale)

The following plats of the Master Universe are given in accordance with the best information available today. These facts and dimensions involved are from the direct correlation of materials supplied to me by Rayson, who spoke through the Scribe, Ronald Besser, to prepare drawings to show the newly revealed purposes and shapes and distances involved in the Grand Universe and the imposition of the Master Universe as shown in accordance with further guidance from the Ancients of Days, situated on Uversa, the Capital of Superuniverse Seven, named Orvonton, and by expressed permission of Paradise, to allow the drawings prepared by Xavier, to show actual dimensions in certain cases.

I, Xavier, do process these drawings in accordance with the standards available to me from software loaned to me by the Spirit of Truth and the Spirit of Thought, both which are located on Salvington, and are hereby rescinded to my use so long as I am not instructed to provide additional drawings for the Science Officer, Rayson, and Avonal Son situated on Urantia at the time of the indictment of these drawings for purposes of education and use in laboratories throughout the planet of Urantia for now and for all future time, as that may be defined today or later.

I am Rayson, and I incline these drawings to be a fair representation of the actual facts disclosed to me in order to bring these drawings before the public for educational and other purposes of demonstration. In these disclaimers above me, I mention the Scribe, Ronald Besser, who is also assigned to me to partake of the lessons on Ultimacy and of the Absolute, views of time and space, and commend him for bearing with us, Rayson and Xavier, to present these drawings to the Universal Father on this date as they are corrected and prepared for publication on Uversa and Urantia. These words were indicted and the drawings edited and prepared for publication today, September 15, 2014, and to which I affix my Seal of Approval. I am Rayson, Science Officer and Liaison Officer to the Magisterial Mission.
