

VERONICA

AUGUST 3, 1994

INTRODUCTORY LESSON

Volcano, Hawaii - #1

I'll help you--

Learn to open yourself to the love of the Father, and this will revitalize the energy you will need to process each situation in conjunction with the Father's will. Always recognize the fragment of the Father in everyone with deliberate and intentional focus.

When you awaken each morning, before arising, close your eyes and feel and embrace the Father's Love and ask Him for guidance in how best to do His will that day. Take some quiet time to re-acquaint yourself with the extraordinary role model of Christ Michael to assist you in the manner in which personal interaction will proceed. Always refresh your intentions with the Father's love so that you can convey this love to others in a continuous flow so that they, too, may be touched.
