Teacher Uteah: My dear Students,

I ask that you now connect with the Father's Presence within and find solace in the intimate relationship you have nurtured. Please take time every day to make a conscious effort to connect in this way and know that by doing this, you are connected to not only your God Fragment, but you are also connected to Christ Michael's Light Knowledge — the Creator Son of Nebadon's all-pervading consciousness that fills the domain of His local universe. It is by His Light Knowledge that your Thought Adjuster abides in His guidance and communications with you. It is the very fabric and foundation by which the layers of your soul do form as you grow and become more real in the development of your morontia mind. It is this fabric that identifies you and your origin as a child of Michael — all the way to Paradise.

Michael said in his life as Jesus, "I am the Way, the Truth, and the Life — no one comes to the Father except through me..." These words did not define the exclusivity of any religion, but it did define His claim as the Creator Son of your local universe — that his children would grow in His Light Knowledge as they passed through the many mansions, training spheres, and celestial tarrying places of His local universe before leaving for the greater super universe and beyond — to Havona and to the Finality of Paradise where you shall stand before the Universal Father Himself.

Why is this important for you to know? Because it gives you the understanding that you are a part of a family — Michael's family, and with that you are afforded the gift of His Light Knowledge that is always available to you when you enter into prayer, stillness, and in any communication with his other celestial children — including the administrators of this local universe. Your Thought Adjuster abides in the authority of Michael and by all his mandates to guide you while you pass through the domains of Nebadon. No one comes to the Father except by Michael's blessing — your last stop on Salvington as you stand before Michael in your final farewell before leaving for the greater super universe as a first stage spirit.

Having passed through all the training spheres of Nebadon, you leave this local universe as an ambassador of Christ Michael — a representative spirit of one of the most merciful Creator Sons in the whole of the Seventh Super Universe of Orvonton. Not only will others know you by your local origin, but they shall revere the name of Christ Michael and those who began their careers on that famed troubled sphere called Urantia — a true badge of honor.

Though you may not appreciate it now, as you struggle to live on a world emerging from rebellion, you shall one day understand how blessed you are for the experience and the contrast of your endeavors here. Take solace, my dear students, that you belong to a family and that you shall never be alone. As a member of Christ Michael's family, please feel the unity with all of us — the children of Michael and those that serve this great universe of Nebadon. His great love, compassion, and mercy surrounds us always and we love Him dearly.

You are our brothers and sisters,

I AM Uteah.
