Teachers; Signa and Machiventa Melchizedek.

June 19, 1994. (Sun. AM. at Moro Bay Conference)

Today you are embarking on a long journey. A journey into the unknown. A journey whose path has never been crossed, and you are the trail blazers. In all of the Universe experience in time and space adventure is and service are to be sought at all costs. For service to one's brothers and sisters is the most sacred.

I wish to lead you in a short meditation and then Prince Machiventa will have a few words with you. Please make yourselves comfortable. Take several deep breaths. Hold it slightly and let it out slowly.

Note the bright light that fills this room. And to those spiritual beings viewing from outside, the light is stronger than your sun. That light now focuses on the center of this room. In your mind's eye picture that light, shimmering, radiant. Shafts of love reach to each of you...

Children of time. This is your planetary Prince. I welcome you into the service of Michael. The words of our teachers large and small are designed to inspire you to change. Urantia is now in a period of reconstruction. Many humans are desiring to know what you know. You must be willing to share that which is freely given to you. You are each soldiers in this struggle to redeem Urantia from 500,000 years of error. What a glorious time to live on this planet, or any planet in the entire Grand Universe. To have the opportunity to reclaim Urantia for your Creator Son Michael is looked upon by the rest of the Universe in great envy. Your eternal careers will be indelibly marked by this struggle. It will succeed.

The human mind is ripe for a spiritual awakening to the teachings of Jesus. You must no longer hide your light under the bushel basket, and as I have instructed the many teachers who are now working with mortals of the realm - continue unceasingly to seek the Fathers Will. It is the Fathers Will that Urantia enter into the age of Light and Life. This struggle is won by the saving of each individual person. One at a time. Love each other. Pray for each

other as we pray for you. You have learned an important lesson during this gathering. The lesson that more can be done together than alone. Share your experiences learned from each other and go back to the firing line.

When I walked on Urantia life was different. We had no cars. We had no ability to communicate over long distances, but the struggles were the same. Bringing man to God. The luxuries of life that you have earned, through the struggles of those who have come before, can be utilized to assist you in your efforts. But the real battle is PERSON to PERSON. Do not forget that. The teachers are sent to you as a gift from Michael to help you in this struggle. Give them your attention.

Finally, as the Master continually said. BE OF GOOD CHEER.
