

A READING OF A TRANSCRIPT from TEACHER RAYSON
DECEMBER 1993

Greetings to you all. I am Rayson, your teacher. This is a lesson about the recent celestial events which have occurred, the vindication of Truth and of the faithful forces of good. Those being the multi-fearless hosts of, spirit beings, midwayers, and mortals, who have remained faithful to Michael and His government throughout the terrible times during the aftermath of the rebellion. Michael's government has triumphed over the forces of iniquity in the final disposition and completion of sentencing in the case of "Gabriel vs. Lucifer."

This should be thrilling news to all of you. Probably the full impact of what has happened has not fully reached many of you yet. This news should be shared with all true believers who hunger for the knowledge of truth, whether or not they are familiar with the Urantia Book.

On a simpler level of understanding the Devil and his demons are dead. The rebels have been removed and deposed, following their rejection of the final 'mercy offer', and executed. The rightful government of Michael has been restored to Nebadon. The final stumbling blocks have been removed and the way is clear for the restoration of the government of God on earth. Cleansing and healing have already begun. The Kingdom of Heaven is at hand.

You who are alive in the flesh today should marvel that you are living as mortals during the time when you have been able to live through and experience one of the most exciting and significant cosmic events to occur in the entire history of this Universe. The war in heaven, as spoken of in your 'word, 'is ended.

Just as you will recall newsreel footage of parades, marches, and celebrations which erupted in the streets of many of your world cities at the end of your last worldwide planetary war, we only wish that we could convey to your mortal eyes the types of glorious celebrations which are occurring in our realm. The celestial artisans are especially active now, and will become even more so as your 1994 summer season approaches and we can begin another great celebration during the few remaining months leading up to and culminating on Michael's 2000 mortal birthday.

I am permitted to tell you that something wonderful is going to happen on that day. All of you should begin making arrangements now for this event by preparing ahead, so that you can rearrange your work schedule and other task involved with your material needs, so that the day of August 21st will be completely free of any other obligations. This will be a holy day to all of you as well as to all of us. I hope to be with all of you and join with you in the celebration of the 2nd millennium anniversary of the day that God became a man on your beloved but confused planet. This was Michael's gift to this planet and the rest of the inhabited universe. He has given it so that man and all other will creatures can realize the great truth of their 'sonship with God'. This realization of this great truth on a worldwide scale will in turn liberate man to discover that sublime and saving love of the Father that can only lead to peace and salvation thru right relations with his fellow sons.

And when men and women are quickened by the saving Gospel of the kingdom, they automatically become members of that great fraternity in the school of eternity, that fraternity is known as the 'Brotherhood of Man'. It is literacy true that these two great universe precepts, the Fatherhood of God, and the Brotherhood of man, along with the faith required to believe them, and the willingness to live them, are the only requirements for entrance into the kingdom of heaven.

On that coming day, next August, your beautiful planet will cross that cosmic line between darkness and light. True, the waters are still churning from the residual effects of the rebellion, but the storms themselves have passed, and the floodtides are beginning to recede. Each day during the next two millennia the sun will shine a little more clearly. The sweet, renewed waters of the Fathers love will carry us farther away from sorrow as this world sails on into the age of Light and Life. Rejoice in that fact. For it IS a certainty.

Until the next time we meet may the Love of the Father abide in your hearts.
